

## **Smoke House Market Cheese**

*November, December & January are months filled with holidays & entertaining. Ann Farrell, Jane Sehnert, Frances Anderson & our entire Cheese Staff are ready & here to help you. We import cheese from every corner of the world. We carry so many great artisanal & farmstead cheeses that you could almost try a new cheese everyday of the year.*

*Sometimes, but not very often we experience shortages of these world-class cheeses. Please bear with us. We also obviously are famous for our own housemade, hand crafted sausages, which perfectly compliment the cheeses, especially with our wonderful assortment of olives, pates, mushrooms, pickles & crackers.*
